

Eureka yachts

Eureka Germany

Eureka Germany

EUREKA Yachts, part of Eureka Marine, specializes in yachts, sportfishing boats, catamarans and workboats—including e-mobility passenger vessels—providing a complete lifecycle solution: planning, design, engineering, build, EU assembly, CE/class certification and after-sales support. Core Businesses

Own brands & custom builds (Made-for-EU)

Partner models with configurable option packs

Innovation & New Energy: electric / hybrid / solar; hydrogen

Eureka Germany

OUR FACTORY IN CROATIA: ZAGREB; ZADAR; CHINA: DALIAN AND QINGDAO,
China mass production for aluminium & FRP, Croatia: EU assembly/certification

1. Eureka-Yachts

Product Portfolio

- **Sportfish 6–10 m** – Aluminium fishing
- **Cruiser 8–12 m** – Family leisure
- **Cat 9.5–13.2 m** – Power cats (fishing/tourism/multipurpose)
- **Voyager 9–14 m** – Utility & landing (commute/patrol/logistics)
- Pontoon, 25ft / 27ft / 30ft / 36ft
- Lakeloft, 12m, 15m, 18m
- **eCat 14–24 m** – 50–80 pax electric/hybrid passenger cats
- **Vision 28M**– Mini superyachts, Flagship oceangoing (steel/aluminium)

Delivery Models

- **Standard:** choose model → options → build + EU assembly → CE delivery
- **Custom:** exterior/interior/GA → engineering → prototype/small batch → delivery
- **Program (passenger/tourism/islands):** route → vessel + shore (PV/charging) → finance/PPP → pilot → scale-up

2. Sportfish

2. Sportfish

Sportfish (Common Introduction, verified & concise)

- **Center-console / hardtop walkaround** for inshore & coastal waters: **fast, stable, dry** ride with **360° fishability**.
 - **Welded 5083 aluminium or FRP** (by model), **self-draining deck**, high freeboard; watertight compartments with **foam flotation** and bilge pumps.
 - **Fish-ready hardware**: livewell / bait tank, insulated fish boxes, rod holders (incl. **rocket launchers** on HT), raw-water washdown, wide side-decks, bow/stern rails, boarding ladder.
 - **Power & rigging**: pre-rig for **single (25–30")** or **twin (25")** outboards; **NMEA 2000-ready** electronics layout.
 - **Popular options**: hydraulic steering, electric anchor winch, radar holder, LED deck/search lights, EVA/"teak-look" flooring, stereo, safety pack.
- Typical use**: casting, jigging, trolling in bays and along the coast; family day-cruising between spots.

2. Sportfish

Sportfish: Key Specs

- **ES-620:** 6.25 × 2.25 m; CE C; single **115–200 hp** (25"); draft ~0.45–0.50 m; persons 7.
- **ES-680:** 7.20 × 2.45 m (LoH 6.85); CE B/C; single **175–275 hp** (30"); draft ~0.45–0.52 m; persons 8.
- **ES-750:** 7.90 × 2.45 m (LoH 7.5); CE B; single **200–350 hp** (30"); draft ~0.48–0.55 m; persons 8.
- **ES-960:** 10.35 × 3.00 m (LoH 9.6); CE B; **twin 400–600 hp total** (25"); draft ~0.55–0.65 m; persons 10

2. Sportfish

Sportfish: Use Cases & Options (verified)

- **ES-620:** Trailer lakes/rivers; light inshore; entry rentals. Options: 9–10" MFD; bow trolling wiring (24/36 V); 35–45 L live-bait tank; EVA deck.
- **ES-680:** Estuary/near-shore multi-species; family weekends. Options: 45–50 L livewell; washdown; hardtop w/ rocket launchers; 10–12" MFD.
- **ES-750:** All-weather family + fishing; long days. Options: dual batteries; 12" MFD + radar pre-wire; shock seats; heater/defogger.
- **ES-960:** Near-offshore flagship; charter-ready. Options: twin outboards; 12–16" MFD + radar/autopilot; extra fuel; tackle station; sea-deck kit.

3. Cruiser

Cruiser Common Introduction

- Enclosed **hardtop/weekender** cruisers for coastal family trips and light charter; **stable, dry, quiet**.
- **Welded 5083 aluminium** hulls (by platform) with **self-draining decks**, foam-flotation compartments, shore-power ready.
- **Layout**: saloon + galley module, marine toilet/shower, skipper & co-pilot seats; **NMEA 2000-ready** helm.
- **Power**: **twin outboards** or **inboard diesels** depending on size; CE B.

Eureka Germany

3. Cruiser

Cruiser — Key Specs

- **EC-880 HT:** 8.80 × 3.00–3.20 m; CE B; **2–4 berths / 1 cabin;** twin 150–200 hp (OB) or inboard diesel; cruise **18–22 kn / max 26–30 kn.**
- **EC-950 HT:** 9.50 × 3.10–3.30 m; CE B; **2–4 berths / 1 cabin;** twin 200–250 hp (OB) or inboard diesel; cruise **18–24 kn / max 28–32 kn.**
- **EC-1080:** 10.80 × 3.40–3.60 m; CE B; **4–6 berths / 1–2 cabins;** twin 250–300 hp (OB) or twin diesels; cruise **18–24 kn / max 30–34 kn.**
- **EC-1180:** 11.80 × 3.50–3.60 m; CE B; **4–6 berths / 1–2 cabins;** twin 300–400 hp (OB) or twin diesels; cruise **20–26 kn / max 32–36 kn.**

3. Cruiser

- **EC-880 HT** – Weekend family trips, day cruising, light fishing.
Options: heater/defogger, inverter/charger, 9–12" MFD + radar pre-wire, electric windlass.
- **EC-950 HT** – Family weekender + occasional charter, island hopping.
Options: bow thruster, fridge/cooktop, hot-water + enclosed shower, stereo.
- **EC-1080** – Multi-day cruising, small-group charter.
Options: genset + A/C, shock-mitigation seats, 12" MFD + radar, extra fuel.
- **EC-1180** – Premium family cruiser / skipper-charter.
Options: twin thrusters, full galley, solar assist, autopilot, CE-B safety pack.

4. Cat (Power Cat)

Cat (Power Cats) — Common Introduction

Twin-hull **stability**, big deck area and efficient running. Aluminium structures with **modular superstructures** (open/hardtop/passenger) adapt from fishing to sightseeing/diving. Twin-outboard or inboard, **NMEA 2000**, CE **B** documentation.

Eureka Germany

4. Cat (Cat Power)

Key Specs (Seaking-aligned)

- **ECat-950:** 9.50 × 3.2–3.5 m; CE B; 8–12 persons; twin 150–300 hp (OB); cruise 20–26 kn / max 30–40 kn.
- **ECat-1320:** 13.20 × 3.8–4.2 m; CE B; 12–20 persons; twin 300–450 hp (OB) or twin diesels; cruise 22–28 kn / max 32–45 kn.

Use Cases & Options

- **ECat-950:** fishing charters, sightseeing, dive support.
Options: livewell & washdown; hardtop + rocket launchers; 12" MFD + radar; seating kit.
- **ECat-1320:** premium fishing/tourism, fast island transfer.
Options: bow/stern thrusters; genset + A/C; passenger seating/CE-B safety kit; radar/autopilot.

5. Voyager (Utility / Landing)

Voyager (Utility / Landing) — Common Introduction

- Heavy-duty **landing/work boats** with **bow ramp**, reinforced non-skid deck and **tie-down points**; **self-draining cockpit**, high freeboard, rub-rails, foam-flotation compartments.
- Configurable **open wheelhouse or enclosed cabin**; cargo/passenger mixed layouts; **NMEA 2000-ready** helm.
- **Power**: twin outboards or inboard diesels by project; **CE B/C** depending on role.

5. Voyager (Utility / Landing)

Voyager — Key Specs (Seaking-aligned)

- **EV-900 LC:** 9.00 × ~3.00 m; CE B/C; role: landing craft / cargo-passenger; twin 150–250 hp (OB); draft ≈0.55 m.
- **EV-1100 Work:** 11.00 × ~3.40 m; CE B; role: work/commute/patrol; twin 200–350 hp (OB or inboard); draft ≈0.60–0.70 m.

Voyager — Use Cases & Options

- **EV-900 LC:** island logistics, beach landings, resort shuttle.
Options: powered bow ramp & winch, heavy-duty deck + lashing kit, wide rub-rails, basic cabin w/ heater/defogger, VHF/AIS, LED work lights.
- **EV-1100 Work:** harbor services, patrol, personnel transfer.
Options: bow/stern thrusters, shock-mitigation seats, radar + 12" MFD, searchlight/mast lights, safety rails & non-skid package.

6. PONTOON

PONTOON — Common Introduction (Seaking-based)

Aluminium pontoons with lightweight deck, railings and easy-care furniture; ideal for lakes and rentals. Suits electric or small outboards. CE D for inland waters.

6. Pontoon

- Hull material: Marine-grade aluminum.
- Size options: 25ft / 27ft / 30ft / 36ft.
- Beam: 2.6 m / 3.0 m.

Features

- UV- and water-resistant leather seating
- Seagrass flooring
- Upgraded helm console
- Optional: solar-panel roof (in place of the bimini)

Benefits

- Long service life and easy to clean; adds elegance while saving time, effort, and cost.

7.LAKELOFT (e-HouseCat)

LAKELOFT (e-HouseCat) — Common Introduction Inland electric houseboat catamaran with aluminium twin hulls, composite superstructure and foam-flotation compartments. Black/grey water isolated tanks with shore pump-out. PV roof and shore AC 32/63 A charging; NMEA 2000-ready systems. CE D (project-upgradeable to C).

Eureka Germany

7.LAKELOFT (e-HouseCat)

Key Specs

- **Model:** LakeLoft 12, **Dimensions (LxB):** 11.9 × 4.20 m, **CE:** D (opt. C)
- **Propulsion:** Dual electric 15–30 kW each, **Service speed:** 5–7 kn
- **Battery / PV:** LFP 40–80 kWh; PV 10–15 kWp

Use Cases & Options

- **Use cases:** inland rentals/holiday, water-homestay, zero-emission city routes.
- **Options:**
 - **Eco Pack:** PV + inverter + energy monitor
 - **Comfort Pack:** insulation, flooring, blinds
 - **Maneuver Pack:** bow/stern thrusters, cameras, rub-rails

6. eCat (Electric / Hybrid Passenger Cats)

eCat (EUREKA × iCat Joint Line)

Basic introduction

All-electric / hybrid passenger catamarans (≈14–24 m).
Aluminium twin hulls, quiet and low-wake, with iCat powertrain/BMS and PV + shore-charging know-how. EU assembly and documentation support in Croatia (CRS/RINA/LR per project).

Eureka Germany

6. eCat

Types

- **eCat-1500 Sightseer (≈15 m)** – open/semiclosed sightseeing deck, panoramic seating.
- **eCat-1800 Shuttle (≈18 m)** – fast commuter/island transfer layout.
- **eCat-2000 Premium Lounge (≈20 m)** – premium cabin, F&B/events.
- **eCat-2400 Explorer (≈24 m)** – long-range tour, larger battery, optional hybrid.

Purposes / Missions

Urban sightseeing, resort & marina shuttle, island links, protected-area eco tours, zero-emission city routes, private charter/events. (Shore package: PV canopy + AC/DC charging optional.)

7. Eureka Vision (28 m Mini Superyacht)

Vision 28M

Superyacht style in a compact owner-operator package. Aluminium/FRP semi-planing or displacement hull, flybridge hardtop, beach-club stern.

Key Specs

- **Dimensions (LxB):** 28.0 × 6.8–7.2 m
- **Class/CE:** CE A (optional classed yacht: **RINA/LR/CRS**, project-based)
- **Layout:** Master + 2 guest cabins + crew (owner 3-cabin standard; crew 2–3)
- **Recommended Power:** Twin diesels 800–1,200 hp
- **Speed (target):** 12–15 kn cruise / 18–22 kn max

Typical Use Cases & Options

- **Use cases:** private ownership, family coastal cruising, **Mediterranean week charters.**
- **Options:** zero-speed stabilisation (**fins/gyro**); **beach-club package** (transformer platform, wet-bar, toy stowage); dual MFD + radar + **autopilot**; generator + chilled-water **A/C**; bow/stern thrusters; watermaker; premium audio/lighting.
